

FRITO LAY DISTRIBUTION CENTER

DELMAR, MARYLAND

Frito Lay, a subsidiary of PepsiCo, is an established national brand that manufactures, markets, and sells snack foods. Upon outgrowing their former space, they began their search for a new location on the Delmarva Peninsula. With very specific requirements in mind, the brand contacted Gillis Gilkerson for help in sourcing, and possibly constructing a new facility.

Our development team identified available sites for new construction and worked with Frito Lay to narrow down the options. Ultimately, Gillis Gilkerson purchased a 3-acre parcel from the Town of Delmar, Maryland located at 30208 Foskey Lane. From there, our construction and development teams worked together to construct a +/- 7,700 square foot pre-engineered metal building for the client. Frito Lay was delivered a brand new, state-of-the-art building compliant with all national requirements.
